

Choose Flocknote for *easy & secure* online giving for your church

Fund building projects, sell event tickets, manage overhead costs, and more, all while offering members a secure platform for regular tithing, donations, and payments!

Text-to-Give: Set a unique keyword and custom donation amounts for a fund. Members can quickly give to that fund by texting your unique keyword!

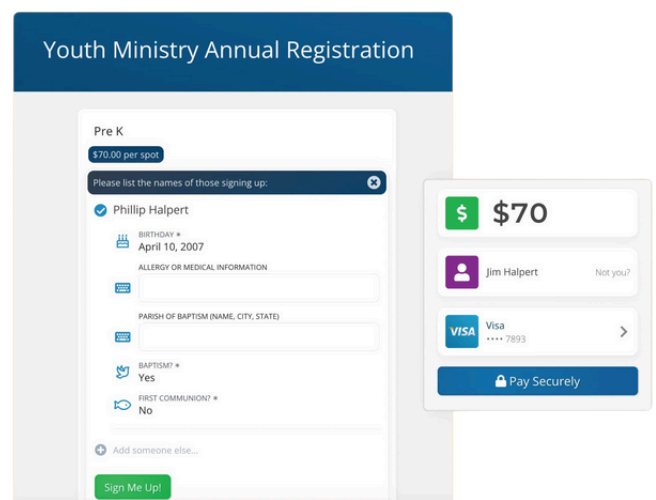

Reply-to-Give: Add a “call to action” to your text message which enables members to give with an easy text reply.

Recurring payments: Members can set up customized, recurring gifts for specific funds. Easy and flexible!

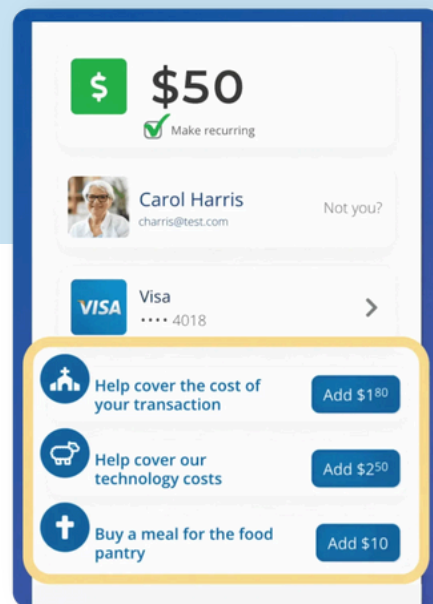

Take payments with a Signup: Whether you're selling tickets to an event or retreat, or perhaps fundraising for a mission trip with a bake sale, your members can sign up & pay in one spot.

Email Smart Buttons: Add a button in your email that directs members to give in a couple of clicks. No clunky login or password needed!

Manage My Giving Page: Members can view their full giving history, make new payments, and access EOY statements all in one easy spot.

Cover transaction fees (*and so much more!*) with customizable **Add-On Gifts**

Not only can members cover transaction fees at checkout, but you have the power to inspire generosity by showcasing other causes important to your church! Choose from our convenient, pre-loaded templates or customize your own! Here are some ideas to spark your imagination:

- Boost a non-flashy & often neglected fund (like utilities)
- Cover technology usage (using Flocknote can pay for itself!)
- Tailor promotions to match the seasons (fundraise for Easter lilies, Thanksgiving meals for the homeless, Christmas gifts for underprivileged children, etc.)
- ...the possibilities are endless!

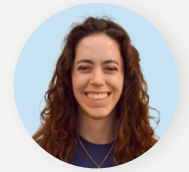

We aren't pulling the wool over your eyes!

No contracts. \$0 monthly fees. \$0 setup fees. Included with all Flocknote plans.

It's just the friendly, industry-standard processing fees (1.1% + 30¢ per ACH transaction, and 2.9% + 30¢ per credit/debit card transaction). Because donors can be asked or *required* to cover the fees when making a payment, there's no reason not to choose Flocknote! And by using the same tool for online giving & communications, you can easily follow up with donors to continue building lasting relationships!

Questions? We're here to help!

How do we know our members' financial data is secure?

Flocknote offers secure payment processing so that you can request and receive payments from your members with peace of mind. This payment processing is built into the friendly software by Flocknote that you already know and love. Learn more at [Flocknote.com/terms](https://flocknote.com/terms).

Can members cover the transaction fees?

Yes! You can request or *require* your members to help cover the transaction fees on a payment. Not only that, you can promote other causes that are important to your church to inspire further generosity.

Can we view custom reports for deposits and transactions?

Absolutely! Flocknote makes viewing deposit reports and transaction activity super easy!

Do we need to commit to using Flocknote for all of our online giving?

Nope! You can use Flocknote for online giving alongside your current online giving provider, allowing you to easily and quickly fund ministries, campaigns, registration fees, or special events without any monthly fees or setup costs. Additionally, each of your individual groups and ministries can utilize it as well to raise money for events, charitable causes, projects, campaigns – you name it!

Can I specify who has access to online giving?

Yes! You can customize who has access to view your members' payment activity and overall network giving info.
