Fostering a Life of Virtue

"Whatever is true, whatever is honorable, whatever is just, whatever is pure, whatever is lovely, whatever is gracious, if there is any excellence, if there is anything worthy of praise, think about these things." Philippians 4:8

Students will learn, live, and witness the theological virtues of faith, hope, and charity, and the cardinal virtues of prudence, justice, fortitude, and temperance throughout their daily lives.

The theological virtues are the foundation of Christian moral activity; they animate it and give it its special character. They inform and give life to all the moral virtues. There are three theological virtues: faith, hope, and charity (CCC 1813). The human virtues are stable dispositions of the intellect and the will that govern our acts, order our passions, and guide our conduct in accordance with reason and faith. They can be grouped around the four cardinal virtues: prudence, justice, fortitude, and temperance. (CCC 1834)

Virtue is a habitual and firm disposition to do good (CCC 1833). The mission of the Archdiocese of Kansas City, Kansas Catholic Schools is to provide a Catholic education that helps to form disciples of Christ, who desire a virtuous life. Each year our teachers will integrate the theological virtues of faith, hope, and love, and the cardinal virtues of prudence, justice, fortitude, and temperance into their daily classroom activities, lessons, and routines.
